SUMMARY

Software engineer with a master's degree in information systems and web technologies, experienced in building responsive interfaces and delivering scalable web solutions. Skilled in turning requirements into clean, maintainable user experiences while collaborating within Agile teams. Strong problem solver with a track record of contributing to platforms, corporate sites, and web applications.

WORK EXPERIENCE

Cirta soft (present)

- Built and maintained UI modules for a **cloud ERP SaaS** platform using **React + DevExtreme** in **Typescript**.
- Integrated **Redux Toolkit + RTK Query** for efficient state and data management, reducing API calls and improving app responsiveness.
- Implemented **SCSS**-based modular styling and improved code maintainability.
- Configured **React Router** for navigation and dynamic routing.
- Implemented comprehensive **RBAC authorization system**.
- Architected and developed a **scalable React + TypeScript** enterprise application.
- Built **multi-language (i18n)** support with RTL layout.
- Used browser performance **profilers and DevTools** (Performance, Lighthouse, Network, Memory) to identify bottlenecks and optimise page load and runtime behaviour. Analysed rendering/scripting costs, reduced unnecessary re-renders.

IONIK

- Developed a complete business-customer communication platform with **React, MUI, Redux**, integrating web sockets for real-time communication.
 - Implemented **GraphQL Apollo** for efficient data queries, simplifying data recovery.
 - Used **Github** for version control, facilitating collaboration and code management.
 - Performed automated tests with **Cypress**, ensuring the reliability of the widget in various scenarios.
 - Actively contributed to the development team, achieving the project objectives through my expertise
 - Collaborated in **Agile** sprints with backend developers and QA to deliver features on time.
-

EDUCATION

Master degree in Information systems and web technologies

Sep 2021 - Jul 2023

University of Constantine 2 - Abdelhamid Mehri

Bachelor degree in Information Technologies

Sep 2018 - Jul 2021

University of Constantine 2 - Abdelhamid Mehri
